INSURANCE at cost or as near as safety will allow. Why pay more when you can get as good as the best for about half what you are now paying? 75 cents a \$100 for 5 years. How do they do it? There are three good reasons: First, the agents receive a very small commission; second, they do not insure business property; third the purpose is protection instead of profit. The Los Angeles Mutual Fire Insurance Company has operated in this county for 27 years without an assessment or an unpaid fire loss, with an ever-growing surplus which will now pay the average losses for five years to come. Can you beat it?

(Half or Whole)

More and more our customers appreciate their ability to obtain a reliable 1st Grade ham at Humpty Dumpty as advertised, "that satisfies." They say it has that mild pleasant flavor and not too salty! This is due to selection of medium size hams that come from medium fine grain legs, properly cured. The larger the ham, the coarser the grain and the lower the price. We use no second grade hams.
